

Attention Students and Parents!

Welcome!

As your laundry service partner, we want to introduce you to your new state-of-the-art laundry facilities. Your campus laundry rooms are equipped with High-Efficiency  washing machines. They hold more clothes and use less water than conventional laundry equipment which saves you time and energy. For best results, use High-Efficiency  detergent. Always follow the manufacturer's directions on the detergent bottle label. With HE washers and detergent—less is more, since it's specially formulated for HE machines. Pre-measured HE liquid packets  are also recommended and are quite convenient.

Campus Clothes Line®

Have questions about what temperature to use, or how to get out a stubborn stain? Visit The Campus Clothes Line® at www.campusclothesline.com for everything you need to know about laundry, including: interactive operational instructions, tips to “Green Your Laundry Routine,” and also receive access to videos, contests, prices and much more.

LaundryView® with Text Alerts

LaundryView® & Text Alerts make doing laundry more convenient than ever!

Did you know that the new washers and dryers will be able to send you text alerts when your wash cycle is complete, or when other machines become available for use? LaundryView® allows you to check the status of machines in your laundry room online without ever setting foot outside your dorm room. And the LaundryView® Text Alerts feature gives you the option to request a text message when your cycle is complete. Together they make doing laundry a breeze.

For a complete walk-through of the LaundryView® experience, watch our “Welcome to LaundryView®” video: <http://www.brainshark.com/macgray/LaundryView>.
